

EAGLE PRECISION TECHNOLOGIES

March 16, 2009

Mr. Scott McIlquham
234 Birkett Lane
Brantford, Ontario
N3T 5L9

To Whom It May Concern:

This will confirm that the above mentioned was an employee of Eagle Precision Technologies Ltd. from April 29, 2008 until March 13, 2009, when Eagle closed the Brantford operation.

Scott started his career in the machine shop as a machinist and was promoted to tooling design engineer. Scott was a participant in our SRED (Scientific Research & Exploration Development) application which resulted in maximizing the grant for each year.

During his years of service, Scott performed his duties with dedication, honesty and integrity.

We would recommend him for any position within your organization matching his skill sets.

Yours truly,

A handwritten signature in black ink, appearing to read "Dennis Hewko", written over a horizontal line.
